and support programs extend the continuum of care to provide optimal health and healing. The medical staff represents over 40 specialties and sub-specialties with many physicians receiving their training from some of the most prestigious medical colleges and residency fellowship programs in the country. Over 75% of the medical staff is board certified. The nurses and allied health providers are also consistently recognized as providing high quality, personalized care to patients and their families. Southern Ocean Medical Center demonstrates a strong commitment to quality and patient safety through active participation in national and state quality initiatives. The hospital is designated a Primary Stroke Center. It offers the most comprehensive bariatric surgery program in the region and the program is designated a "Center of Excellence" by the American Society of Metabolic and Bariatric Surgery. The cancer program at Southern Ocean Medical Center has received accreditation with commendation from the Commission on Cancer. The hospital's comprehensive cardiology services include cardiac catheterization to diagnose heart disease. Southern Ocean Medical Center is a member of the Meridian Health Family. To find a physician on staff at Southern Ocean Medical Center, call 1-800-DOCTORS.
